Who will be the next Representative from the 81st Rockcastle-Laurel District. His majority over our G. M. Ballard in the district is 26.

TUESDAY'S PRIMARY. Rockcastle did very well as far as she went, but when the voters do not realize the importance of going to the polls and voting, when important questions are to be decided, and when nearly one half of the voters of any political party does not go to the polls at all, there is certainly an evidence of indifference, which is inexcus-

able. The small vote cast does not justify a tabulation of the returns and we shall only give the vote of each candidate.

Political Reflection

The Republicans had no important contest in the primary; the Democrats had many contests; and yet Eighth District Democrats stayed at home from the primary and from a synchronous election and permitted the defeat of their candidate for Congress. This was the outstanding feature of Saturday's voting, as the Times sees it, and it reveals again a condition in the Democratic party that calls for heroic measures if anything is to be done politically in this State.

Capt. Swope served in the army, and Judge Hardin did not, and the reports from the district are that the winner pitched his campaign along that line and promised much legislative consideration to the men who wore the khaki. This unquestionably won him many votes, but it does not fully explain the defeat of the Democratic nominee. The vote in Shelby county is an indication of the fact that Eighth district Democrats simply remained away from the polls despite the fact that they had a Congressman to elect and that their partisans, from Governor down, were contesting for nominating him, could beat an obscure Republican by only 6,000 votes; and now comes the return of a Republican Congressman by the Eighth district, a thoroughly representative American constituency. This result will be heralded, and quite naturally, as a repudiation of the President and the League, and the national Republicans will make much of it. But to the Times the vote in Shelby county alone proves internal party reasons and reveals an indifference toward party pride that would be amazing if it were not so logical.

It is greatly favorable to the Republicans that they have wise and undisputed leadership. Like nations at a primary held at the same time. Governor Black, who won the nomination he sought; Senators Stanley and Beckham; the Democratic Congressmen from the State and the national leaders, too, may well give some intensive study to the situation here. It was presaged when Mr. Stanley, with the President before the governmental system in European countries is the system of the Kentucky Republicans; a chief-in-council and a chief in-charge. Mr. Hert, the national committeeman, is the chief-in-council under whose leadership policies are inaugurated and followed, and his wise direction has done much to achieve the present situation in the State. Mr. Morrow is the chief-in-charge, and his personality and oratory have given his party a prepossessing candidate for high office. On the Democratic side leadership is divided and disputed and there is no party cohesion.

What may be done between now and November cannot yet be estimated, but the Republicans have every reason to plume themselves. Every reason but one, for the rough-and-ready defeat of the negro legislative candidate in Louisville will return to plague them. Of course, from a standpoint of practical politics the leaders were required to eliminate the negro if they could, since his nomination under the cabin would have disaffected thousands of voters from Mr. Morrow. But in eliminating him they sowed certain small objects that may develop into dragon's teeth and produce a warlike crop of troubles.

The negro candidate should have been surprised that he was unpopular when he offered to be a guest at a Republican wedding. His people have been exploited politically by that party for years because they vote as a mass for it. He is quoted as saying that he and 40,000 other negroes will

vote the Democratic ticket this fall. That would be an effective reprisal, but one hardly to be expected, since it has grown to be habit for them to vote the Republican ticket every year. The negro should have no party; he should vote as an individual, like the white man; and when he does he will be more effective in citizen ship.

So far as the Democratic primary itself is concerned, when its votes are fully recorded it will be seen that not more than one-fourth of the Democrats came to the polls. Thus once more does the primary law show its own weakness and futility, and the duty of the next Legislature is to find some way whereby representative party nominations can be made hereafter and independents participate as they choose in the selection of candidates.

—Louisville Times.

THE defeat of Judge Charles A. Hardin for Congress in the Eighth Congressional district is not any great surprise to the majority of the people of the state. There is no use whipping the devil around the stump about it, there is one and only one thing that brought about the defeat of Judge Hardin. The people did not particularly want King Swope, neither because of his ability or popularity, but they remembered the day when Judge Hardin, while Chairman of the State Central Committee, took the bull by the horns and declared A. O. Stanley the nominee for the U. S. Senate. Stanley was not the choice of the people and he and Judge Hardin well knew it and the day that the announcement was given out that the nomination must be made by a convention and that the committee had named Governor A. O. Stanley, that day Judge Hardin lost that which cost him his seat in Congress. Stanley rules in Kentucky is done with and those who are trying to hold him up and follow his tactics may find it out before it is everlastingly too late.

WHILE the vote in Rockcastle was far below what it should have been, yet those who did go to the polls did the right thing by our good friend Gov. Jas. D. Black. Out of 484 votes cast he received 453 or a majority over both the other candidates of 429. We had hoped to see Gov. Black leave Rockcastle with a better vote, but many were busy, some thought it unnecessary to go to the polls at a primary and others staid away for various reasons. It is safe to say that every democrat will be at the polls next November and cast his vote for the mountain man and friend of the people, Gov. James D. Black.

Railroad brotherhoods backed by the American Federation of Labor, having started a drive for a fund of millions to be used in propaganda for the Plumb plan of nationalization of railway systems. The plan contemplates "education" of the people as to the plan with demonstrations in of the scheme Labor day. It is regarded as probable that the plan will be an issue in the next presidential election, for officials of the unions said that if the present Congress does not adopt the plan a Congress "will be chosen that will pass the necessary legislation."

President Wilson will take steps to effect immediate reduction of the price of foodstuffs. Congress will receive a message from him requesting enactment of whatever legislation may be necessary to lower prices. The Department of Justice has been ordered to make war immediately on all hoarders of supplies and all profiteers. Julius H. Barnes has decided to retain the guaranteed price of \$2.26 a bushel for wheat in order to prevent the rise of price. Barnes promised a stabilization of flour prices and hopes to be able to supply all that is needed at \$10 a barrel.

CLOTHING TO GO HIGHER.

Housewives and mothers will do well to have a look at the moth-balls tucked in the pocket and folds of their men's fall and winter suits, for every suit purchased, beginning next fall, is to cost from 25 to 40 per cent more than formerly. Announcement of the coming advance was made by representatives of many leading clothiers, including the American Clothing Manufacturing Association and National Association of Clothiers in meeting at New York.

AN OLD FAULT FINDER.

An irritable fault finder disposition is often caused by indigestion. A man with good digestion and bowel that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

DOINGS THE COUNTRY OVER

Oral, six-year-old son of Mrs. Hood Wells, of Richmond, was killed by lightning.

At Berkeley, Cal. J. H. Hildebrand and Edmund O'Neill, both members of the University of California faculty, were shot and seriously wounded by Roger Sprague, a graduate of the university, who alleged they had prevented him from obtaining a position.

EVOLUTION.

Three men, an Irishman, a Swede and a Hebrew were brought into court. The Hebrew was arrested for stealing a cow; the Swede for stealing a horse, and the Irishman for stealing a wagon.

"Well," said the judge, turning to the Hebrew, "where did you get the cow?"

"I've had it since it was a calf," was the reply.

"Where did you get the horse?" he asked the Swede.

"I've had it since it was a colt," was the reply of the Swede.

"And Patrick, where did you get the wagon?" asked the judge of the thief.

"Oh, Your Honor, I've had it since it was a wheelbarrow."

A TRAVELING MAN EXPERIENCE.

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy.

Will Nuckles, a young mechanic in Lewis & Dry's garage at Lebanon, was shot and fatally wounded by Dan McChord. The trouble is said to have arisen over the repairing of an auto.

The death of Judge J. F. Butler, of the Pike-Letcher district will give Gov. Black the opportunity to appoint a Democrat.

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now
She Is a Well, Strong Woman and Praises Cardui For
Her Recovery.

Roxie City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial!

**BRODHEAD METHODIST
CHURCH ANNOUNCE
MENT.**

Rev. C. H. Greer, Presiding
Elder, will preach Friday night.
Rev. R. C. Evans, pastor, will
preach the last sermon of the
Conference year Sunday morn-
ing and evening. We hope we
can have a good attendance at
these services.

The Mt. Vernon band is fur-
nishing the music for the Berea
fair and the boys are making
some good music.

Balloon ascensions each day of
the BRODHEAD FAIR. Other
free acts as well. Something to
entertain you every minute.

Next week is the Mt. Vernon
Fair and the following week is
Brodhead Fair. Get ready and
take in both fairs. For the past
two years it has been all work
and little play, the summer will
soon be gone and a little vacation
does every one good. At these
fairs are mighty good places to
spend a little vacation. Come to
Mt. Vernon next week and then
be ready for Brodhead the next.

The starroll for the first month
of Fairview school is as follows:

Second grade—Flossie Poynter,
Lula Poynter, Agnes Lambert,
William Wren.

Third Grade—Mamie Johnson,
Fifth Grade—Millard Paynter,
Earnest Kirby, Oscar Hayes,
Opal Johnson, Naomi Wren, Vir-
gil Bailey, Rosa Webb, Raymond
Poynter, Adderson Richmond.

Seventh grade—Robert Gadd,
Opal Lee Wren, Gladys Howard,
Fred Bailey, Grace Paynter, Lil-
lie Paynter.

Teachers, Miss Fannie Wynn,
Wade L. Skidmore.

The Oak Hill school reports
the following pupils that were
successful in making the Honor
Roll the first month: 5th grade,
Clide Smith; 3rd grade, Everett
Bowman; 1st grade, June Smith
and Hunley Rigby. This means
the children mentioned above
were neither absent nor tardy
and made an average of 85 per
cent. We are indeed eager to
see this number increased month
by month and believe that it will
do so. The pie supper given at
this place last Saturday evening
was well attended. Quite a num-
ber from Brodhead and others
outside the district were well-
come guests and helped swell
the proceeds to \$27.00. This
amount will be spent for some
badly needed school supplies.
Miss Clyde Watson, Teacher.

A state wide educational cam-
paign will be waged the week of
August 25-30 in every school
district in Kentucky. Announcement
of plans were sent out by
Mrs. Cora Wilson Stewart, Chair-
man of the Kentucky Illiteracy
Commission, to every County
Superintendent and to every
County Illiteracy Agent today.

Local speakers will tour the
county on August 25, 26, 27 and
28, and a state speaker sent by
the Kentucky Illiteracy Commis-
sion will speak at the final rally
at the county seat on Friday or
Saturday following.

The phases of education em-
phasized in this campaign will be
the removal of illiteracy, increase
of day school attendance and bet-
ter salaries for teachers. It is a
joint campaign of the Kentucky
Illiteracy Commission and the
County School Superintendents'
Association. The speakers will
be announced later.

The assurance comes that the
Dixie Highway will be completed
through Rockcastle and every
thing points that it will be done
next year. The Rockcastle Fis-
cal Court has made a deal with
the State Road department
whereby the completion of the
road is assured, and Mr. Wiley
the State Road Commissioner
says he hopes to complete it by
the close of 1920, all the way
from Parkers Creek to the Mad-
ison line. For several days Judge
Mullins, the Dixie Highway
Commission and others have
been busy getting some addi-
tional right-of-ways which are
necessary to meet State and
National specifications. The
State and Nation are going to
build this road for Rockcastle
and it is hoped that none of our
citizens will do anything to re-
tard the progress. Judge Mullins
and others are working day
and night to get this road and
the question of right-of-way
should not be any consideration
for the man who is to have this
great thoroughfare by his door.

A GREAT REMEDY.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who has no acquaintance with them should read the following by F. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends.
